

Broad Spectrum Biocide, having bactericidal, Virucidal, Fungicidal, Algaecidal and Slimicidal effect.

Contains high molecular weight cationic polymer with universal disinfecting properties.

COMPOSITION

Each 1ltr contains:

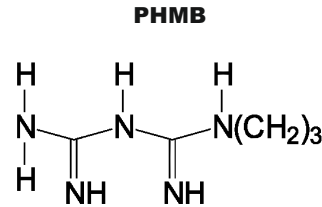

| | |
|---|-----|
| PHMB (polyhexamethylene biguanide hydrochloride) | 2% |
| BKC (Benzalkonium Chloride) 50% | 8% |
| Excipients | Q.S |

FEATURES

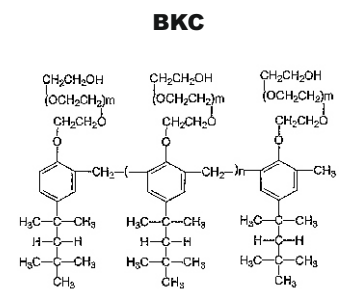

PHMB (polyhexamethylene biguanide hydrochloride)

- Broad spectrum of long lasting BIOCIDES activity.
- Acts in the presence of organic matters also.
- Acts at very low concentration with minimum contact time.
- Food Safety (High Oral LD 50) with no residual effect.
- UV (Photo) Stable, pH Stable & Temperature Stable.
- Odorless & readily soluble in Water.

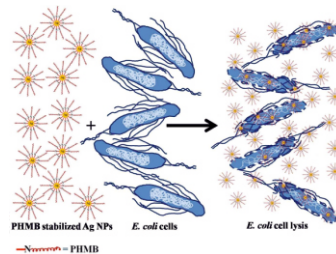

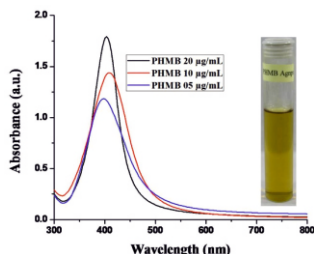

BKC (Benzalkonium Chloride)

- Offers Strong Detergency & Rapid, Safe, Powerful Antimicrobial activity at low ppm
- BKC based Disinfectants are Non-toxic, Non-tainting & Odour-free at use dilutions
- 50%w/w Benzalkonium Chloride (BKC) Passes Stringent BS EN 1276 Microbicidal
- Testing at 1:2000 dilution
- BKC displays a high level of Biodegradability when tested in accordance with OECD
- Test Protocol 301C
- Compatible with Non-ionic, Amphoteric and Cationic surface-active agents

At relatively low concentrations the antibacterial action of PHMB is bacteriostatic; at higher concentrations the action is rapidly bactericidal.

USAGE & ADMINISTRATION

Poultry:

For Water Sanitization: 5 to 10ml / 100 ltr of water

For Farm Fogging: 5 to 10ml / ltr of water / 1000 cubic feet.

Spray / Surface Sanitization:

In presence of birds: 5 ml / ltr of water per 100 Sq.ft area

In empty shed: 5 ml / ltr. of water / 50 Sq. feet area

Surface sanitization in other areas: 5 ml / ltr of water

Hand or personnel sanitation: 2 ml / ltr of water

Vehicle/ Equipment / Utensils Cleaning: 2 ml Per ltr of water.

Egg Wash / Cleaning: 7ml / 10 ltr. of water

PRESENTATION:

500 ml, 1 L, 5 L, 10 L & 25 L

RECOMMENDED USAGE IN AQUA

Prevention: 1 Ltr / hectare per meter of depth (i.e 10 ltr per pond of 1 hectare)

(Please double the recommended dose in severe condition)

OR
As Advised by Aqua Consultant
